## General Comment

Government has proper limits. If a govt official is not going to change my diaper at 3 AM, then a govt official should not be involved in any decisions about who is hired or what brand of diaper is used. I am perfectly capable of planning my own retirement, and if you don't bankrupt me before that time, I'll thank you to get out of my business and go home to your family. Please don't waste more taxpayer dollars on snail-mailed rhetorical baloney to try to mollify me. There are so many retarded laws now that your only job should be to REPEAL the majority as impossible to enforce, or so trivial and harmful to freedom as to be criminal. Back off! Get in your proper place! You are a public SERVANT, not our overlords!
